

## PERSONAL BIOGRAPHY....DON WOLF

I was born in a small town in Wisconsin in 1943. My Grandfather and Father were proprietors of a small Department store selling everything from groceries to clothing. My first profession of Faith occurred in a small Pilgrim Holiness church around the age of 8 years. My mother was a committed believer. My father was not.

I attended college at a small Christian liberal arts college in So. Illinois, Greenville College (now Greenville University), affiliated with the Free Methodist denomination. I majored in Business Administration. It was during college that I sealed my commitment to Christ. It was also there that I met and married my first wife while a junior. I started my oil and gas career in 1965 in Canada where we lived until 1974, when we transferred to Denver. We have 4 children...2 boys and 2 girls, and 13 grandchildren.

I lost my first wife to cancer in 1998 and married Patty 2 years later. I met Patty at Foothills Bible Church where I had attended for 25 years. We have been happily married for 18 years.

Patty and I are involved with ministries mostly related to cross-cultural and inner city missions and have significant involvement currently with Denver Seminary and Greenville University, where we each serve as Trustees accordingly. I served as an Elder at Foothills for 25 years.

The loss of my first wife to cancer and my own recent battle with cancer have deepened my faith and taught me many lessons. I read extensively. Patty and I enjoy golf and fly fishing and visiting children and grandchildren.

I was CEO of several oil and gas exploration and production companies and serve on 4 commercial boards affiliated with the oil and gas industry.
